

My name is Ashley Singelyn and I've attended 8 bootcamps; 6 in San Antonio, 1 in Las Vegas, and 1 as a counselor.

I got powerfully saved at the age of 14 attending my 2nd year as a boot. It's when I told God I would serve Him throughout my youth, and that's exactly what I did. Doing that wasn't always easy but bootcamp came and went every year, and every year I was challenged in a new way, and re-strengthened in my walk with Him. I've seen the transformation it brings to our youth and teenagers and how powerfully it can impact lives in a way no other program or summer camp can. You can enter bootcamp one way, and leave a completely different person. I've witnessed it in other lives, but I've also lived it in my own.

I'm happy and privileged to now serve as a counselor at bootcamp and to work alongside others to help instill the change we know is possible in our youth today.
